

Favourite sounds

Talk about the different sounds that the children like and don't like. Use the pictures as prompts to start with to give the children a few ideas of different sounds to think about.

Ask them why they do or don't like different sounds eg. Do the sounds make them happy? Scared? Sad?

The pictures can be sorted into sounds that most children like and sounds that most children don't like.

Talk about the different sounds these things might make such as loud bangs and crackles for the fireworks. Can the children make those sounds?
